HOMework

1. The 'mighty angel said that there will no longer be a delay when the 7th trumpet is blown. Why do you think that God has delayed this final series of judgments until now?
2. John was to tell God's word (prophecy) to many "peoples, nations, tongues, and kings." Why is that even more important for us to do today?
3. Many believe that the measuring is a symbol of preservation and protection, conveying the idea that God will preserve and save the faithful remnant of the Jewish people thus fulfilling his promises. Why is this important for believers to know?
4. The two witnesses are able to be killed only when they finish their testimony. How does this embolden you giving your testimony to others?
